

## About Us

A modern approach to a doggy daycare and boarding experience. We promise to give a safe, clean, and stimulating environment for your pup. We offer an open concept for daytime play with extended out-of-kennel stays every day. Dogs are out playing for a minimum of 80% of the day to ensure they are stimulated physically and mentally all day. It is a fun, activity-filled, welcoming and supervised environment where dogs can camp out with their canine companions.

For extended stays and boarding, we don't just house your dog. Camp Wag. ensures your pup is happy, active, and well-adjusted while you are away. Whether it is tummy scratches on the couch or a game of fetch outside, we will ensure your pup feels right at home. Wag. has sectioned spaces; partitioned to ensure the safety of all dogs. Our staff is experienced to split up groups if necessary to ensure specific pups play in appropriate areas. Dogs will be placed based on breed, size, temperament, personality traits, energy level and (dis)abilities. This ensures that each dog has the capacity to grow, learn, play and get the stimulation they need to successfully navigate their environment(s) in and out of Wag.

*A few NHDR pups that have stayed with us*

**You can Sponsor a Foster's day of daycare or emergency boarding!**

**We partner with New Hope Dog Rescue to help love and socialize each pup. Ask us ways you can support a foster's journey to a furever home.**

YOU MUST CALL/MESSAGE AHEAD FOR ALL SERVICE AVAILABILITY. YOU MAY CALL WITH SHORT NOTICE BUT WE DO NOT OFFER DROP INS AS WE NEED TO KEEP STAFF TO DOG RATIOS APPROPRIATE.

## PARENT RUFF-VIEWS

"Excellent service. Very adaptable to changes which is greatly appreciated in my unpredictable life. Sophie and Lucky seemed to love the time spent with WAG. Very clean facilities. Friendly staff. I will certainly go here again."

"We made a last minute booking for boarding over the weekend and we were SO impressed with the facility, the cleanliness, the hilarious and comforting text updates with photos and of course the friendly (obviously dog obsessed) staff. Out little guy was SO happy and at home there. He was completely exhausted, in the best way, when we picked him up! We will for sure be back! Thanks Wag for treating him like one of your own!"

"Our little dog loves going to Wag for doggy daycare. She's still just a pup and I was a little hesitant putting her into a daycare at first. But after talking with the owner Kyla she put all my worries to rest! Their establishment is so clean and cute with a lot of space for the pups to run around, play and rest! You also get pupdates (updates) via text with pictures of your dog during their stay at daycare. The owner and staff are so friendly and really care about your furry friends. I highly recommend WAG to anyone thinking about doggy daycare!!"

"Wag is phenomenal, and Kyla is second to none. We always said we would never "kennel" our pups, but then [Wag] came along! We had the best experience leaving our pups and recommend so highly! Not sure when, but we will be repeat customers!"

"We loved our experience at Wag today! Pups had the best day, are good and tired out from so much playtime. The updates are so appreciated. Beautiful clean facility. We will definitely be back for daycare."

"Kyla is amazing ! She met with us to show us around and how things are done at wag ! Our dogs love going to wag they get so excited when we turn the corner for drop off! We get a pic or video updates during the day which is amazing ! It's like a home away from home and there is zero worries when I drop them off ! When they get home it's supper and straight to sleep lol they had a full day of fun."

We were very reluctant to leave our 2 dogs for the first time. The owner and workers sent us pictures and videos to calm our reluctance. When we picked our dogs up, they were so exhausted. When we went the second time, our dogs were very excited and happy to be back. The business is very clean and neat and lots of space for the dogs to play. Employees are friendly and are obviously animal lovers. We highly recommend Wag.Sk kennels
